AMENDMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

Responsive to the Office Action mailed July 5, 2000, please make the following amendments:

**IN THE TITLE**

Please delete the current title of "Coiled Tubing Screen" and replace the title with -- Coiled Tubing Screen and Method of Well Completion --.

**IN THE ABSTRACT**

Please revise the abstract of the disclosure as follows:

ABSTRACT OF THE DISCLOSURE

ai [One of the objects of] the present invention [is to allow] allows a well to be produced through a screen without the need for a gravel pack. This [objective] is accomplished by the placement of an expandable screen that can move radially outwardly when placed at the desired location against the wellbore and be porous enough with sufficient open area to allow production
